LA STORIA, IL MITO : UNA PASSIONE

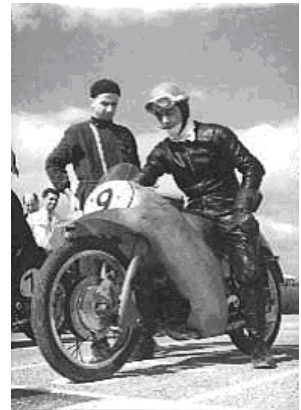

Duilio Agostini nasce a Mandello del Lario nel 1926. La sua famiglia è proprietaria dell'albergo "Giardinetto" affacciato sul lago di Como, dove abitualmente soggiornano e si ritrovano piloti leggendari quali Omobono Tenni, Stanley Woods, Bandini, Moretti, Prini e tanti altri, oltre allo staff dirigenziale Moto Guzzi. Dopo aver frequentato la scuola di disegno meccanico interna alla Moto Guzzi, Duilio viene assunto presso il reparto "Assistenza Clienti" e dal 1947 è collaudatore di riferimento per Carlo Guzzi e ha l'opportunità di lavorare al fianco dell'ing. Carcano (progettista della leggendaria bicilindrica e dell' 8 cilindri).

Nel 1950 disputa la prima gara a bordo di una Condor 500 avuta in prestito da privati e preparata in proprio e iniziano le prime vittorie. Nel 1953 è primo assoluto alla Milano-Taranto su Guzzi "Dondolino" e si laurea "Campione d'Italia". Nel 1954 è pilota ufficiale classe 350 e 250, con la Bialbero, è campione italiano classe e corre in gare internazionali a fianco di Anderson, Kavanagh e Lorenzetti, ottenendo vittorie e piazzamenti importanti. Nel 1955 al Tourist Trophy ottiene l'ottava posizione e conosce un'australiana che sposerà l'anno successivo e nel 1957 nasce la prima figlia Alis. Nel 1956 apre a Mandello un' officina Moto Guzzi, che in seguito diventerà Concessionaria Ufficiale e alla fine del 1957 Duilio si ritira dalle corse. Negli anni 70 Duilio crea una scuderia di piloti e meccanici e partecipa con successo alle gare Europee di durata (24 ore) con una Guzzi V7 SPORT preparata in proprio. Da questa esperienza nascono e vengono commercializzati molti particolari speciali per

l'elaborazione di Moto Guzzi. Dal 1981 iniziano l'attività nella concessionaria le figlie di Duilio Alis e Lindy che lascerà l'attività nel 1993. Attualmente l'attività della concessionaria viene proseguita da Alis Agostini e un appassionato staff di collaboratori.

Duilio Agostini was born in Mandello del Lario in 1926. His family owned the Hotel Giardinetto, overlooking Lake Como, where famous Guzzi racers such as Omobono, Tenni, Stanley Woods, Bandini, Moretti, Prini and many others regularly met or stayed, together with the management of Moto Guzzi itself. "The passion begins to grow..." After studying at Guzzi's Mechanical Design Faculty Duilio was initially employed in the Customer Service Department at the factory, moving on in 1947 to become a test rider responsible directly to Carlo Guzzi and had the opportunity to work alongside Engineer Carcano (creator of the V-Twin and the legendary eight-cylinder engine). In 1950 he competed in his first race aboard a Condor 500 lent to him by friends and prepared himself, and the first victories soon arrived. In 1953, aboard a Dondolino, he won the outright victory in the famous Milano-Taranto race and became Italian Champion. In 1954 he was appointed works rider on a 350 and the 250 Bialbero, and took part in international races alongside Anderson, Kavanagh and Lorenzetti, winning several races and finishing on the podium on other occasions, winning the Italian 250cc Championship. In 1955 he met an Australian lady at the Isle of Man T.T. races (where he finished in 8th position) whom he married in 1956. A year later, in 1957, their first daughter - Alis - was born. At the end of 1957 Duilio retired from racing. In 1956 Duilio opened a Moto Guzzi workshop which later became an official dealer. In the 1970s, Duilio created a stable of pilots and mechanics and successfully participated in 24 hour endurance races across Europe using a tuned V7 Sport. Drawing on this experience Duilio "created" and put into production a range of tuning parts for Moto Guzzis. In 1981 the daughters of Duilio, Alis and Lindy, began to work in the dealership. Lindy left in 1993, but to the present day Alis continues to run the business, supported by her team of enthusiastic staff.

Modalità di spedizione

Agostini srl affida le spedizioni al corriere espresso UPS o al servizio Poste Italiane (via superficie, via aerea o posta celere).

1. UPS - Le spedizioni effettuate con il servizio expedited arrivano alla destinazione europea dopo 2-3 giorni dalla data di spedizione e dopo circa una settimana nelle destinazioni extra-europee. E' possibile altresì l'utilizzo del servizio express nel caso di spedizioni urgenti.

*** I pacchi spediti con UPS sono assicurati. Nel caso di ricezione di pacco danneggiato informate immediatamente Agostini srl per poter procedere all'istruzione della pratica di rimborso. Si richiede di non gettare l'imballo danneggiato ma di tenerlo a disposizione del perito UPS nonché di tenere a disposizione di UPS i particolari eventualmente danneggiati durante la spedizione.**

2. Posta Celere - E' il servizio postale più rapido. Le spedizioni arrivano a destinazione (europea) nel giro di 3 giorni. Il peso max accettato è 20 kg (30 kg per l'Italia).

3. Via Aerea - Consegne entro 10 giorni nelle destinazioni europee, entro 20-25 giorni extraeuropee (sconsigliato per il rapporto qualità servizio - prezzo).

4. Via Superficie - Consegne in tempi spesso variabili da 1-2 settimane per l'Europa; non definibile per i paesi extraeuropei (sconsigliato)

*** Non è possibile assicurare la spedizione con servizio postale al di fuori del territorio nazionale.**
