

# FOR SOME - ONLY THE VERY BEST WILL DO

## LIKE THE NEW 750cc GUZZI AMBASSADOR

It's not a big, imposing machine like many of the imported or imported models of this size available as well as the 750cc Ambassador. But it's a Guzzi, and it's the only 750cc Guzzi that has the look and feel of a superb performance, quiet engine that will take you through the roughest terrain with ease and grace. The new 750cc Guzzi Ambassador is a Guzzi, and it's the only 750cc Guzzi that has the look and feel of a superb performance, quiet engine that will take you through the roughest terrain with ease and grace.
