

MOTO GUZZI V85: NEW GRAPHIC VARIANTS

THE EAGLE BRAND'S TRAVEL ENDURO BIKE IS OFFERED IN THREE DIFFERENT VERSIONS, EACH WITH ITS OWN DISTINCT PERSONALITY: THE V85 STRADA, A PARED-BACK URBAN MODEL; THE V85 TT, A REAL ALL-ROUNDER, AND THE V85 TT TRAVEL, READY FOR ADVENTURE

ALL OF THE V85 MODELS RETAIN THEIR AUTHENTIC CHARM, COURTESY OF A STYLE THAT HAS ALREADY BECOME ICONIC; FOR 2026, THIS IS FURTHER EMPHASISED BY A SERIES OF EYE-CATCHING NEW COLOURS.

Back in 2019, the Moto Guzzi V85 TT revolutionised a market that was becoming increasingly standardised, creating a new segment which both evokes the style of the golden age of motorcycle adventures and boasts the features and functionality of a modern touring Enduro. Practical, pared-back and lightweight, the V85 TT was created to thrill even before climbing onto the saddle, and is dedicated to all those who long for a motorcycle that conjures the spirit of adventure, even on everyday journeys.

A winning formula proven by its resounding success with the public and critics, further refined over the years: after the debut of the Travel version in 2020 and the innovations introduced in 2021 - including the exclusive limited-edition Guardia d'Onore - the Moto Guzzi V85 was fully overhauled in 2024, with a new range comprising three models each with a very distinct character: the Moto Guzzi V85 Strada, the Moto Guzzi V85 TT and the Moto Guzzi V85 TT Travel, thus presenting all motorcyclists with a broad variety of options, whatever their destination. For 2026, these three versions come in new colour variants.

Moto Guzzi V85 Strada

The Moto Guzzi V85 Strada epitomises the core values of the V85, including lightness, practicality and simplicity, elevating these to the maximum. The perfect bike for urban commuting and everyday use in the city, as well as for fun rides on the winding roads loved by motorcyclists. As agile and comfortable as a naked bike but with the riding position of an adventure bike, the V85 Strada stands out for its distinctive elegant, minimalist style and aluminium alloy spoked wheels. Its road-centric nature is further emphasised by the low front mudguard and the brand new, evocative Verde Legnano green and Rosso Monza red colours - a clear nod to Moto Guzzi's sporting tradition.

Moto Guzzi V85 TT

The Moto Guzzi V85 TT is the "all-terrain" bike that embodies the original spirit of the V85, with a presence and style that evokes the atmosphere of the 1980s and the Enduro bikes that could do it all, from everyday A to B trips to more adventurous journeys.

With the Moto Guzzi V85 TT, the excitement continues even when the tarmac ends and the roads start getting dusty: the spoked wheels are fitted with sculpted 17" and 19" tubeless tires (150/70-17 and 110/80-19 respectively) - sizes that will bring satisfaction to lovers of light off-road riding too. The engine is protected by an aluminium skid plate, and the handlebars are enveloped in protective hand guards.

Since it was first unveiled, the Moto Guzzi V85 TT has always stood out for its bold red frame and the colours of its superstructure, inspired by the most evocative landscapes around the world. The 2026 models feature all-new graphics and colours: the vivid Giallo Wadi colour calls to mind a dry stream bed in the desert, reflecting the typical yellow colour of the sand when illuminated by the sun.

The elegant Grigio Yanar Dag colour, meanwhile, refers to the shade of the natural gas that escapes from the ground, giving the perpetually-burning hill in Azerbaijan its name.

Moto Guzzi V85 TT Travel

The Moto Guzzi V85 boasts unrivalled qualities as a great travel bike, with a 23-litre fuel tank that can guarantee a range of over 400 km and final drive with cardan shaft, the only bike in its displacement class to be equipped with this. The Moto Guzzi V85 TT Travel boasts the perfect equipment for unlimited travel throughout the year, including a touring windshield paired with side deflectors and side bags on the Urban series, as well as heated handlebars and seat, and the Moto Guzzi MIA multimedia platform. For 2026, the Moto Guzzi V85 TT Travel is available in the stunning new dark Blu Zefiro shade.

All technical specifications for the three Moto Guzzi V85 models are available in the relevant press kit, in the press area of the website: press.piaggiogroup.com.
